

## **REPORT ON THE ACTIVITIES OF THE EXCISE DEPARTMENT FOR THE YEAR 2010-11**

1. The Excise Department was set up as an independent Department with effect from 01.12.1999 after being carved out of the erstwhile Revenue and Excise Department. It is a resource generation Department of the State, which enforces the State Excise laws in the State.

At present there are four sections functioning in the Excise Department. The collection aspects of the excise revenue are enumerated below for better appreciation.

### **2. EXCISE POLICY:**

2.1 Article 47 of the Constitution of India envisages that every State shall endeavour to bring about prohibition of consumption except for medicinal purposes of intoxicating drinks and of drugs, which are injurious to health. It is always the avowed policy of any Government committed to welfare of the people to be alert and watchful regarding the trends in consumer behavior. Like all economic goods, intoxicants also have a 'supply' side and a 'demand' side. The endeavour of the Government has been to ensure that the existing demand is met by legitimate and safe supply of reasonable quality of liquor. Any short supply of legitimate liquor is bound to result in bootlegging / spurious liquor filling up the gap, which would endanger public safety.

2.2 In various judicial fora it has been pronounced that the sole purpose of granting privilege to trade in liquor is to collect revenue in order to add to the scarce resources of the state. It is imperative to evolve a policy through which manufacturing, distillation, trading in liquor are to be canalized under strict vigil of the state which would generate considerable resources but without compromising with the social values.

2.3 According to Article 246 (3) of the Constitution of India, the Legislature of the State has exclusive powers to make the laws for the State or any part thereof with respect to any of the matters enumerated in list II of the Seventh Schedule of the Constitution. Item No. 8 of the List II envisages intoxicating liquors, that is to say, the production, manufacture, possession, transport, purchase and sale of intoxicating liquors. Item No. 66 of the List II of the Constitution empowers the State Legislature to impose fees in respect of any of the matter enumerated in this list. The excise duty is leviable in respect of

alcoholic liquors for human consumption manufactured in the State or produced elsewhere in India (item No. 51 List II. 7<sup>th</sup> Schedule).

2.4 The State has exclusive right to grant privilege for manufacture, possession and sale of intoxicating liquor. However, the State grants such privileges to persons in the shape of licenses.

2.5 The monopoly in wholesale trade in liquor in the State is vested with Government and it operates through a Corporation under the name and style of 'Orissa State Beverages Corporation' (OSBC). An intoxicant can be manufactured or imported as per the provisions of the relevant Act and Rules but the same cannot be sold to any business unit except through the Orissa State Beverages Corporation. Hence the entire saleable quantity of intoxicants is acquired by the Beverages Corporation. The Corporation will sell to the licensees under terms and conditions prescribed by the Government as well as by the Corporation from time to time. Since the collection of revenue is one of the main planks of the liquor trade and the State is in need of extra resources, for funding the plan, horizontal/ lateral expansion of licensed outlets will cater to the enhanced demands of the people of the State.

2.6 Taking over the monopoly in wholesale trade in IMFL and Country Sprit was a major policy decision of the Government. The Excise Revenue has increased substantially. The figures for the last ten years are as follows: -

## 12. STEPS TO CHECK ILLICIT LIQUOR:

12.1 Collection of excise Revenue will suffer so long as Illicitly Distilled liquor is not controlled. In order to prevent the illegal inflow of non-duty paid liquor, affixture of Excise Adhesive Labels has been introduced to distinguish duty paid liquor from the seconds. Such labels are being affixed on each bottle of IMFL, Beer Cartoon and Country Spirit pouch.

12.2 The Collectors of the Districts have been instructed to form a multidisciplinary squad consisting of selected officers with good track record from Police, Excise and Forest Departments to conduct extensive raids on the illicit distillation centers.

12.3 Public awareness has been made involving the N.G.O., S.H.G. and Panchayati Raj institutions about the dangers of drinking particularly I.D. and spurious liquor.

12.4 The Bihar and Orissa Excise (Orissa Amendment) Act, 2006 has been enacted w.e.f. 1.6.2006 making provisions of punishment more stringent for excise offences.

Sub-Inspector of Excise and above rank officers have been vested with power of entry, search, seizure, arrest, authorization of arrests and filing of complain under provision of N.D.P.S. Act.

After stringent provisions made, a fear psychosis has been created among the mafia and illegal distillers. The illicit liquor trade is in slowly declining trend. The Excise officials are getting more/ increasing attention from every

quarter of the society. Public awareness has increased, and the focus is now on deterrence with many persons behind bars. Courts are also not granting bails. Excise offences have started reducing. A comparative Statement of no. of cases detected and arrested since last five years is given below.

	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>	<b>2009-10</b>	<b>2010-11 (upto 31.12.2010)</b>
No of cases detected	17367	14762	13586	13598	10828
No of persons arrested	5489	4969	6243	6964	6132

More concerted efforts are being made for training of the excise field functionaries so as to achieve better coordination with all related agencies so that the conviction rate in excise offences can go up significantly.

12.5 Considering the changing situation, Orissa Excise Bill, 2008 has been passed by the Orissa Legislative Assembly in its 14<sup>th</sup> Session of the 13<sup>th</sup> Assembly. The Bill so passed intends to provide for a comprehensive law relating to alcoholic liquor and other intoxicants in the State of Orissa by making adequate provisions for punishment of the offenders and to make provisions for matters incidental thereto by replacing the Bihar and Orissa Excise Act, 1915. In the new law provisions have been made for establishment of Excise Stations, trial by Special Courts and forfeiture of property of the bootleggers and liquor mafias. This law has been passed incorporating model excise policy circulated by the Govt. of India and Orissa is considered as the first state to adopt the same. The Orissa Excise Bill, 2005 as passed by the Orissa Legislative Assembly is under process for obtaining the assent of Her Excellency, the President of India.

### **13. COMPUTERISATION OF EXCISE DEPARTMENT:**

With the Eleventh Finance Commission grant, Computers have been provided to all the Districts, Excise Deputy Commissioner's Office, Excise Commissioner's Office and Excise Department. A sum of Rs. 50.00 lakhs was provided for the purpose and has been utilized fully. The OSWAS and e-Despatch system has been introduced in the Department.

### **14. STAFF STRENGTH:**

There is one Directorate under the Department headed by the Excise Commissioner under whom three Excise Deputy Commissioners are functioning at Cuttack, Berhampur and Sambalpur. The sanctioned strength of excise field staff as on 31.12.2010 is as follows: -

1. Superintendent of Excise	..	31
2. Deputy Superintendent	..	34
3. Inspectors	..	80
4. Sub-Inspectors	..	205
5. Assistant Sub-Inspectors	..	185
6. Constables	..	1127

## 15. BUDGET:

15.1 The budget provision for the year 2009-10 under non-plan was Rs.3897.45 lakh. Besides Rs.116.45 lakh has been provided in 1st Supplementary 2009-10. The budgeted target of collection of Excise Revenue for the year 2009-10 was Rs.800.00 crore. The collection of Excise Revenue up to the month of March, 2010 is Rs.848.96 Crore. The budgeted target of Excise revenue for the year 2010-11 is Rs.1050.00 Crore.

15.2 Because of non-renewal of Excise shops by the licensees and due to delay in settlement of Excise shops owing to various litigations, the collection of additional Excise revenue has been affected. Considering the relatively low per capita consumption of liquor in the State, the enhanced excise revenue target is achievable only if there is realistic and sustained expansion of excise infrastructure. Attempts are being made to improve the infrastructure for this purpose.
